I was out of health and run down generally, had no appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt they might be, and I began taking Swamp-Root, as above stated. There is such a pleasant faste to Swamp-Root and it goes right to the spot and drives disease out of the system. It has cured me, and I cheerfully recommend it to all sufferers. Gratefully yours,
